went towards Nicky. JEFF Conroy started to run towards the guy. When JEFF was up close to the guy we were in the parking lot. I ~~do~~^{do} NOT know if JEFF hit him or not, but the fight stopped shortly after that. The guy was walking back into the street, and he had alot more blood on him, far more then when I had punched him in the mouth. JEFF said to me "We really gotta go." I called out to everyone else and we began to walk away. JEFF, Chris and I were walking ahead of the others and when we turned the corner JEFF said "We're Fucked, Hurry UP, I stabbed that guy." At first I didn't believe him, but when he showed me his knife with blood on it I knew it was no joke. Chris told him to get rid of the knife, JEFF didn't, he put the knife in a puddle trying to wash the blood off it, folded the blade and put the knife in his pants. As we walked towards the S.U.V. I thought we might get away, but Chris pointed out a video camera and within seconds a police car rolled up on us. Other officers showed up and arrested us. I have been involved in beatings like this before but no one ever used a knife. We would just beat people up. Last Monday Jeffery Francis, JEFF ^{Conroy} ~~Conroy~~, Anthony Hartford, Jose Pacheco, Danny Cleary, Brandon Cleary were present on Jamaica Ave when Anthony, Jose and I knocked out a Spanish guy.

I have read this statement which Detective McLeer printed, made corrections to the statement and
it is true.
